

# UNITED SYNTHETIC MULTI-VEHICLE AUTOMATIC TRANSMISSION FLUID (ATF)

United Synthetic Multi Vehicle ATF combines synthetic base oil with a high performance additive package to provide improved low-temperature flow, enhanced wear protection, better frictional stability and resistance to thermal breakdown.

## Suitable for Use in the Following Applications:\*

- GM DEXRON VI and earlier DEXRON ATFs including DEXRON II and DEXRON III
- Ford MERCON, MERCON V, MERCON SP, MERCON LV
- Allison C-4
- Both new and older Chrysler applications
- Acceptable in, but not limited to: Audi, Honda, Mazda, Nissan, Toyota, VW, BMW, Mitsubishi, Hyundai, Kia, Mercedes-Benz, Volvo
- Do not use where Type F fluids are recommended
- Not recommended for CVT or DCT transmissions

\*United Lubricants has completed extensive bench and engine tests and field-testing to support United Synthetic Multi-Vehicle Automatic Transmission Fluid performance in a broad range of transmission applications. However, it should be noted that United Synthetic Multi-Vehicle Automatic Transmission Fluid is not an OEM-licensed product. The respective original equipment manufacturers (OEMs) have neither endorsed nor evaluated United Synthetic Multi-Vehicle Automatic Transmission Fluid in the respective applications listed.

Always check the owner's manual for a proper recommendation.

## Features:

---

- Prevents fluid breakdown at higher operating temperatures
- Protects metal parts from corrosion
- Reduces sludge and varnish build-up
- Protects transmission gears and allows them to operate smoothly
- Provides excellent oxidative stability under severe conditions
- Provides excellent shifting with no shudder
- Maintains lubricity
- Flows well for cold startup
- Compatible with common transmission seal material

# TYPICAL SPECIFICATION DATA

Viscosity cst @100°C	6.63
Viscosity cst @40°C	34.56
Viscosity Index	151
Density (lb/gal)	7.067
Pour Point °C	-42
Pour Point °F	-44
Flash Point °C	224
Flash Point °F	435
Brookfield @ -25° (cP)	4421
Color	1.5
Zn (PPM)	2
Ca (PPM)	121

## Product Availability:

---

- 12x1 Quarts
- 5 Gallon Pail
- 55 Gallon Drum
- 275 Gallon Tote
- Bulk
